

SAC Meeting - November 6th

In attendance:

Mike Hollett
Shauna MacMullin
Chris Heisler
Makayla Connors

Absent:

Stephanie Moore
Leah Fumerton
Christi Budd
Jennifer Cleveland

- I. Call to order - 5:43PM**
- II. Approval of Agenda ✓**
- III. Approval of Mins from October Meeting (tabled until next meeting)**
- IV. Approval of Mins from May Meeting ✓**
- V. Financial Update**
 - A. Funds from SAC were depleted last year through field trips and through bus costs. We will be starting with \$5000 +\$1 per student as of mid-November.
- VI. Business Arising**
 - A. Received 2 messages from community members expressing interest. They will send a summary to review at the next meeting.
- VII. Principal's Report**
 - A. We have reached 591 students.
 - B. Math, Reading & Writing goals remain the same
 1. Shauna shared success in the grade 3 assessment data. We are very pleased that our level 3 and above data is comparable to provincial data.
 2. We also had success in literacy, specifically with reading. Level 3 and above is also comparable to provincial data. Writing scores are lower in comparison to reading, which is why it will be a focus moving forward
 - C. Our 2nd high five assembly was on October 31st!
 - D. Our 2nd family drop in for Schools Plus will be happening next week where there will be activities, and a free clothing drive for people in need
 - E. There are safety concerns with parking around both sites.
- VIII. Measuring Well-Being as Part of our Student Success Plan**
 - A. The biggest tool we have to measure well being is our human resources (teachers building relationships with students); focus on finding out interests of students, what is home life like, what do they enjoy doing when they are not in school!

B. School SSP meeting was held - discussions were held with how to gauge student well-being across all ages; surveys are being developed and we are hoping to implement it in the near future

IX. Next meeting date: January 8th

X. Meeting Adjourned: 6:06PM
