

SCHOOL GROUND ACCESS

Dear Families,

Throughout the school day, both teachers and students make full use of all areas of the school grounds. To support a safe and focused learning environment, we kindly ask that families refrain from entering school grounds until 2:10 PM, when the final bell rings and dismissal begins.

Thank you for your understanding and cooperation.

Let's wrap up the school year together with ice cream, fun, and community cheer. Come enjoy a cool treat as we celebrate another amazing year!

BE TICK AWARE

- Sharing on behalf of Nova Scotia Public Health
- In summer and fall, people spend time at Nova Scotia's many beautiful beaches, parks, and wooded areas. However, we need to be mindful of the presence of ticks and how we can protect ourselves. These small insects are found across Nova Scotia and can cause tick-borne diseases (TBDs), including Lyme disease and anaplasmosis.
- Ticks like moist and humid environments and can be found in or near woods, shrubs, leaf litter, long grass, urban parks and gardens. They can be very small, which makes them hard to spot and their bites don't hurt, which makes it difficult to know when you've been bitten.
- Visit NovaScotia.ca/TickSafety and learn:
- How to protect yourself - especially in grassy, wooded, or shrub-covered areas
- What to do if you find a tick on yourself/your child
- The signs and symptoms of tick-borne illnesses
